Flexibility – create an environment where management decisions respect the duty to accommodate, best respond to employees' needs and interests, and consider operational requirements in the determination of travel arrangements.

Respect – create a sensitive, supportive travel environment and processes which respect employees' needs.

Valuing people – recognize employees in a professional manner while supporting employees, their families, their health and safety in the travel context.

Transparency – ensure consistent, fair and equitable application of the policy and its practices.

Modern travel practices – introduce travel management practices that support the principles and are in keeping with travel industry trends and realities; develop and implement an appropriate travel accountability framework and structure.

Travel time is the time spent in any mode of transportation en-route to destination and/or awaiting immediate connections. This includes the time spent travelling to and from a carrier/terminal.

A suitable rest period shall not be unreasonably denied.

3.3.11 Transportation

The selection of the mode of transportation shall be based on cost, duration, convenience, safety and practicality. In addition to provisions outlined in this section under commercial, vehicles and other modes of transportation, expenses associated with the selected mode of transportation such as ferries, tolls, docking fees, shall be reimbursed.

When authorized travel or overtime causes a disruption in the employee's regular commuting pattern, the employee shall be reimbursed additional transportation costs incurred between the residence and the workplace.

(a) Commercial

Where commercial transportation is authorized and used, the employee shall be provided with the necessary prepaid tickets whenever possible.

The standard for air travel is economy class. The lowest available airfares appropriate to particular itineraries shall be sought and bookings shall be made as far in advance as possible.

Travel Directive

The standard for rail travel is the next higher class after the full economy class.

Taxis, shuttles and local transportation services are alternatives for short local trips. Actual expenses shall be reimbursed. Receipts are only required to justify taxi fares in excess of ten dollars.

(b) **Other modes of transportation**

Occasionally, other modes of transportation not normally used on roadways shall be authorized for use on government business travel when this mode of transportation is safe, economical and practical.

Travellers using these other modes of transportation shall be reimbursed at the applicable kilometric rate based on the direct road distances, if available. When there are no road distances, the traveller shall be reimbursed for actual or reasonable distances travelled.

(c) **Vehicles**

The standard for rental vehicles is mid size. Rental vehicles beyond the standard shall be authorized based upon factors such as but not limited to safety, the needs of the traveller and the bulk or weight of goods transported.

The kilometric rates payable for the use of privately owned vehicles driven on authorized government business are prescribed in Appendix B. Travellers shall use the most direct, safe and practical road routes and shall claim only for distances necessarily driven on government business travel.

Travellers who are driven to or picked up from a public carrier terminal, shall be reimbursed the kilometric rate based on the distance to and from the public carrier terminal for each round trip.

In the interests of safe driving, when employee-driven vehicles are authorized, employees shall not normally be expected to drive more than:

- 250 kilometres after having worked a full day;
- 350 kilometres after having worked one-half day; or
- 500 kilometres on any day when the employee has not worked.

Parking charges shall be reimbursed where it is practical and economical to leave a private vehicle at the public carrier's terminal during the period of absence.

Travel Directive

In respect of every day on which an employee is authorized to use a private vehicle on government business travel, the employee shall be reimbursed the actual costs of parking the vehicle for that period of time.

3.3.12 Weekend travel home

The use of the weekend travel home provisions or its alternatives does not constitute a break in continuous travel at the same location.

An employee who is in travel status that extends through or beyond a weekend is eligible for weekend travel home provisions provided that the following conditions are met:

- (a) work schedules permit the employee to be absent; and
- (b) appropriate private or public transportation is available and its use is both practical and reasonable.

Every weekend:

An eligible employee entitled to travel home every weekend shall be reimbursed actual transportation costs up to an amount not exceeding:

- (a) the cost of maintaining the employee in travel status for the week-end period (i.e. accommodation, meals, incidental, and other expense allowances), if the accommodation is cancelled for the week-end; or
- (b) when the accommodation is not cancelled, the weekend travel home transportation allowances stated in Appendix C shall apply.

Every third weekend on average:

There will be occasions when an employee in travel status for a period of more than thirty (30) consecutive calendar days in Canada or the continental USA is so far from home that travel home every weekend would be impractical.

In such situations where travel home every weekend is impractical and provided that the employee is in continuous travel status, the employee may return home on average every third weekend and schedule actual weekend trips home within the maximum number permitted to meet personal needs.

The employee shall be reimbursed the most economical return airfare, the necessary return ground transportation to and from the carrier's terminal and meals en route. The most economical air fare shall be air fare booked more than 14 days in advance with a Saturday night stay over. Meals and incidentals at destination shall not be reimbursed. The accommodation at the duty travel location need not be cancelled.

Travel Directive

3.3.13 *Weekend travel - Alternatives*

(a) **By the employee**

Provided that the employee is not required by the employer to remain at the duty travel location, an employee may choose to spend the weekend at an alternative location. To be eligible for reimbursement, the employee shall: cancel charges for accommodation (and meals provided on-site) at the duty travel location; provide a receipt for alternative commercial accommodation when used; and not return home or to the headquarters area during the weekend.

Reimbursement shall be limited to the cost of maintaining the employee at the duty travel location and shall include the cost of accommodation, meals, incidentals and other expenses.

Arrangements are the personal responsibility of the employee without using the government approved services. The employee assumes personal liability as if the employee were not on travel status.

The use of this provision does not preclude the employee's entitlement to week-end travel home.

(b) **By the employee's spouse/dependant**

As an alternative to weekend travel home by the employee, a spouse/dependant may be authorized to travel to the employee's assigned work location when there is no additional cost to the employer. The airfare and pertinent travel arrangements shall be processed through the government suppliers. Ground transportation to and from the public carrier shall be reimbursed. Insurance coverage for the spouse/dependant is the responsibility of the employee. (revised February 27, 2004)

Travel Directive

3.4 Module 4 - International Travel – Overnight stay

The provisions outlined in this Travel Module apply when a traveller is away from the workplace on government business travel overnight, outside Canada or the Continental USA.

A daily comprehensive allowance may be authorized in circumstances where established allowances are neither practical, reasonable or equitable.

3.4.1 Accommodation

The standard for accommodation is a single room, in a safe environment, conveniently located and comfortably equipped.

A variety of options for accommodation are available for travel. Generally these include hotels, motels, corporate residences, apartments, private non-commercial accommodation, government owned/leased accommodation and institutions.

Government hotel directories shall serve as a guide for the cost, location and selection of accommodation.

Unless the employer authorizes otherwise, when travel is related to activities held in an institution, the employee shall stay in institutional accommodations.

Where employees are in travel status at military bases, unless program-related or security reasons dictate the use of specific accommodation, an employee's request for alternate commercial or private non-commercial accommodation shall not be unreasonably denied.

Although travellers generally stay in commercial accommodation, private non-commercial accommodation is encouraged. A traveller who chooses private non-commercial accommodation shall be reimbursed the rate as specified in Appendix D. In addition, ground transportation costs shall be authorized when it is cost effective. Cost effectiveness shall be determined by comparing the total cost of accommodation and transportation in the private non-commercial accommodation versus available commercial or government and institutional accommodation and the associated transportation costs.

For periods of travel status of more than thirty (30) consecutive calendar days at the same location, accommodation at corporate residences, apartments, private non-commercial accommodation or government and institutional accommodation is encouraged. Travellers who choose to stay in a hotel after the thirtieth day (30th) when apartments or corporate residences are available in the area surrounding the workplace, shall be reimbursed up to the cost of the average apartment or corporate residence available.

Travel Directive

3.4.2 Additional business expenses

The employee shall be reimbursed business expenses not otherwise covered such as business calls, photocopies, word processing service, faxes, internet connections, rental and transportation of necessary office equipment and transportation of required personal effects.

Employees whose schedules have been altered for reasons outside their control shall be reimbursed reasonable telephone costs to attend to situations related to the employee's altered schedule.

When an employee is required to proceed outside Canada on authorized government business, the employer shall make the necessary arrangements for obtaining an appropriate passport and/or visa, and any required inoculations, vaccinations, X-rays and certificates of health, at no expense to the employee. Where possible, the services of Health Canada, Veterans Affairs Canada or National Defence shall be used for medical services.

3.4.3 Bottled water

The cost of bottled water shall be reimbursed in situations deemed necessary and based on receipts for reasonable quantities.

3.4.4 Currency exchange

The costs incurred in converting reasonable sums to foreign currencies and/or reconverting any unused balance to Canadian currency shall be reimbursed, based upon receipts, from all transactions and sources.

When these costs are not supported by receipts, the average Bank of Canada currency exchange rate shall apply. In cases where the Bank of Canada does not provide an exchange rate, an alternate bank rate from an established institution, as determined by the employer, shall be applied. The rate shall be the average of the rates applicable on the initial date into the country and the final date out of the country.

3.4.5 Dependant Care

The employee who is required to travel on government business shall be reimbursed actual and reasonable dependant care expenses up to a daily maximum of \$35 Canadian, per household, with a declaration, or up to a daily maximum of \$75 Canadian, per household, with a receipt when:

- (a) the employee is the sole caregiver of a dependant who is under 18 years of age or has a mental or physical disability, or

Travel Directive

(b) two federal employees living in the same household are the sole caregivers of a dependant who is under 18 years of age or has a mental or physical disability and both employees are required to travel on government business at the same time.

Dependant care allowance shall apply only for expenses that are incurred as a result of travelling and are additional to expenses the employee would incur when not travelling.

3.4.6 Home communication

Over each contiguous three-day period away from home, employees in travel status shall be reimbursed the equivalent of one ten-minute phone call home, based on receipts.

When satellite communication systems are available and used, the phone call shall be limited to five minutes.

Employees provided with international telephone-card privileges, or who have made use of government international telephone network facilities for home communication, shall not claim the cost of telephone calls home.

3.4.7 Incidental expense allowance

A traveller shall be paid an incidental expense allowance that covers a number of miscellaneous expenses not otherwise provided for in this directive for each day or part day in travel status as per Appendix D. Part day does not include days where a late-night flight arrives in the traveller's headquarters area after midnight.

The following exception applies: Seventy-five percent (75%) of the incidental allowance as specified in Appendix C shall be paid starting on the thirty first (31st) consecutive calendar day of travel status while at the same location when corporate residences or apartment hotels are available to a traveller in the area surrounding the workplace, or the traveller chooses to stay in private accommodation.

When a traveller visits locations in different countries on the same day, the incidental expense allowance paid shall be that for the location where the day commences.

3.4.8 Insurance

See Part II and Appendix A.

3.4.9 Meals

A traveller shall be paid the applicable meal allowance for each breakfast, lunch and dinner while on travel status.

Meal allowances shall be reimbursed in accordance with the rates specified in Appendix D.

Travel Directive

The following exception applies: Seventy-five percent (75%) of the meal allowances as specified in Appendix D shall be paid starting on the thirty first (31st) consecutive calendar day of travel status at the same location when corporate residences or apartment hotels are available to a traveller in the area surrounding the workplace, or the traveller chooses to stay in private accommodation.

Where no meal allowance has been established in a given country or where sudden changes in currency exchange rates or high inflationary trends may invalidate the specified meal allowance, actual and reasonable expenses shall be reimbursed, based on receipts.

A meal allowance shall not be paid to a traveller with respect to a meal that is provided. In exceptional situations where a traveller has incurred out of pocket expenses to supplement meals provided, the actual incurred costs may be reimbursed, based on receipts, up to the applicable meal allowance.

Where a traveller incurs meal costs that are higher than the established meal allowances in situations outside the traveller's control, the actual and reasonable expenses incurred for all meal expenses on that travel day shall be reimbursed, based on receipts.

3.4.10 Rest periods

Unless mutually agreed otherwise, itineraries shall be arranged to provide for

- (a) a suitable rest period, and/or
- (b) an overnight stop after travel time of at least nine consecutive hours.

Travel time is the time spent in any mode of transportation en-route to destination and/or awaiting immediate connections. This includes the time spent travelling to and from a carrier/terminal.

A suitable rest period shall not be unreasonably denied.

3.4.11 Transportation

The selection of the mode of transportation shall be based on cost, duration, convenience, safety and practicality. In addition to provisions outlined in this section under commercial, vehicles and other modes of transportation, expenses associated with the selected mode of transportation such as ferries, tolls, docking fees, shall be reimbursed.

When authorized travel or overtime causes a disruption in the employee's regular commuting pattern, the employee shall be reimbursed actual additional transportation costs incurred between the residence and the workplace.

Travel Directive

(a) **Commercial**

Where commercial transportation is authorized and used, the traveller shall be provided with the necessary prepaid tickets whenever possible.

The standard for air travel is economy class. The lowest available airfares appropriate to particular itineraries shall be sought and bookings shall be made as far in advance as possible.

Where available, business/executive class air travel shall be authorized where continuous air travel exceeds nine hours. Continuous air travel starts at the scheduled departure time, and ends with the arrival at destination or with an overnight stop or layover equivalent to an overnight stop.

The standard for rail travel is the next higher class after the full economy class.

Taxis, shuttles and local transportation services are alternatives for short local trips. Actual expenses shall be reimbursed, based on receipts.

(b) **Other modes of transportation**

Occasionally, other modes of transportation not normally used on roadways shall be authorized for use on government business travel when this mode of transportation is safe, economical and practical.

Travellers using these other modes of transportation shall be reimbursed at the applicable kilometric rate based on the direct road distances, if available. When there are no road distances, the traveller shall be reimbursed for actual or reasonable distances travelled.

(c) **Vehicles**

The standard for rental vehicles is mid size. Rental vehicles beyond the standard shall be authorized based upon factors such as but not limited to safety, the needs of the traveller and the bulk or weight of goods transported.

The kilometric rates payable for the use of privately owned vehicles driven on authorized government business are provided in Appendix B. Travellers shall use the most direct, safe and practical road routes and shall claim only for distances necessarily driven on government business travel.

Travellers who are driven to or picked up from a public carrier terminal, shall be reimbursed the kilometric rate based on the distance to and from the public carrier terminal for each round trip.

Travel Directive

In the interests of safe driving, when employee-driven vehicles are authorized, employees shall not normally be expected to drive more than:

- 250 kilometres after having worked a full day;
- 350 kilometres after having worked one-half day; or
- 500 kilometres on any day when the employee has not worked.

Parking charges shall be reimbursed where it is practical and economical to leave a private vehicle at the public carrier's terminal during the period of absence.

In respect of every day on which an employee is authorized to use a private vehicle on government business travel, the employee shall be reimbursed the actual costs of parking the vehicle for that period of time.

3.4.12 Weekend travel home

The use of the weekend travel home provisions or its alternatives does not constitute a break in continuous travel at the same location.

An employee who is in travel status that extends through or beyond a weekend is eligible for weekend travel home provisions provided that the following conditions are met:

- (a) work schedules permit the employee to be absent; and
- (b) appropriate private or public transportation is available and its use is both practical and reasonable.

Provided the employee is in continuous travel status, the employee is entitled to return home as per the table below:

Minimum of: 7 weeks = 1 trip
12 weeks = 2 trips
17 weeks = 3 trips
22 weeks = 4 trips

The employee shall be reimbursed, based on receipts, a maximum of the most economical return airfare, the necessary return ground transportation to and from the carrier's terminal, and meals en route. Meals and incidentals at destination shall not be reimbursed. The accommodation at the duty travel location need not be cancelled.

The most economical airfare shall be booked more than 14 days in advance with a Saturday night stay over. The employee may schedule actual weekend trips home within the maximum number permitted to meet personal needs.

Travel Directive

3.4.13 Weekend travel - Alternatives

(a) **By the employee**

Provided that the employee is not required by the employer to remain at the duty travel location, an employee may choose to spend the weekend at an alternative location. Such arrangements shall be made in consideration of security and diplomatic contexts. To be eligible for reimbursement, the employee shall: cancel charges for accommodation (and meals provided on-site) at the duty travel location; provide a receipt for alternative commercial accommodation when used; and not return home or to the headquarters area during the weekend.

Reimbursement shall be limited to the cost of maintaining the employee at the duty travel location and shall include the cost of accommodation, meals, incidentals and other expenses.

Arrangements are the personal responsibility of the employee without using the government approved services. The employee assumes personal liability as if the employee were not on travel status.

The use of this provision does not preclude the employee's entitlement to week-end travel home.

(b) **By the employee's spouse or a dependant**

As an alternative to weekend travel home by the employee, a spouse or a dependant may be authorized to travel to the employee's assigned work location when there is no additional cost to the employer. The airfare and pertinent travel arrangements shall be processed through the government suppliers. Ground transportation to and from the public carrier shall be reimbursed. Such arrangements shall be made in consideration of security and diplomatic contexts. Insurance coverage for the spouse/dependant is the responsibility of the employee. (revised February 27, 2004)

Part IV Special Travel Circumstances

4.1 **Escort Officers**

4.1.1 A suitable rest period for employees who are employed as Escort Officers shall be 16 hours for travel time between 8 to 24 hours; for travel time greater than 24 hours, a suitable rest period shall be 24 hours.

Travel Directive

Travel time is the time spent in any mode of transportation en-route to destination and/or awaiting immediate connections. This includes the time spent travelling to and from a carrier/terminal.

4.2 Ships Officers / Ships Crews

4.2.1 The workplace of employees who are employed as Ships' Officers or Ships' Crews shall be deemed to be a suitable structure, as determined by the employer:

- (a) at the location of the home port of their vessels, for employees whose normal duties are performed aboard a vessel; or
- (b) at the location where employees normally perform their duties when they are not employed on a vessel.

4.2.2 For any period during which the employer requires the employee to be aboard a self-contained vessel (e.g., a ship, dredge or barge with sleeping and eating facilities), an employee shall be deemed to be within the headquarters area, whether or not the vessel is actually within the headquarters area. In this context, "period" shall mean the extended period during which the employee is assigned to the vessel, and shall not be limited to the actual physical performance of particular tasks during a watch.

4.2.3 When the self-contained vessel itself is outside the actual headquarters area, the employee shall be in travel status whenever required by the employer to leave the vessel and go ashore (except when billeted ashore), and when, during such absence, the employee remains outside the actual headquarters area.

4.2.4 Travel status applies in the circumstances described above when the employee is on sick leave. It does not apply when the employee is on leave of absence. During a period of leave of absence, however, the employee shall be entitled to any appropriate travel provisions contained in the employee's collective agreement, where such provisions are applicable under the circumstances.

4.2.5 Entitlement to accommodation expenses and meal and incidental expense allowances during each period of required absence from the vessel shall be governed by this directive as applicable. Notwithstanding the foregoing, there shall be no entitlements in respect of meals and accommodation while the employee is ashore if appropriate entitlements in such circumstances are provided for in a collective agreement applicable to the employee.

4.2.6 Except as otherwise provided for in a collective agreement, for purposes of weekend travel home, an employee shall be deemed not to be in travel status for the period during which the normal duties of that employee are performed aboard a self-contained vessel.

4.2.7 The provisions concerning emergency or death while away on government business travel shall apply to employees who are Ships' Officers, Ships' Crews or other occupational

Travel Directive

groups and who are serving aboard a vessel while absent from its home port, as if the employees were in travel status.

4.2.8 Over each contiguous three-day period away from home port, employees on-board vessels shall be authorized to make up the equivalent of a ten minute phone call home using the equipment available. When satellite communication systems are available and used, the phone calls shall be limited to five minutes.

4.3 Special transportation needs

4.3.1 When a traveller has an aversion -to air travel, the employer shall endeavour to schedule the work so that time will permit the traveller to travel by other means.

Part V

Emergencies, illnesses, injuries and death while on travel status

5.1 Death while on travel status

5.1.1 If an employee dies while in travel status, the employer shall authorize the payment of necessary expenses that are additional to those which might have been incurred had the death occurred in the headquarters area. Reimbursement of costs incurred shall be reduced by any amount payable under some other authority. Expenses payable are:

- (a) at the place where death occurred: ambulance, hearse, embalming/cremation, outside crate/container (but not the cost of a coffin/urn) and any other services or items required by local health laws, and
- (b) transportation of the remains to the headquarters area or, if desired by the survivors, to another location, up to the cost of transportation to the headquarters area. Costs for an escort over and above the costs included in transporting the remains are payable only when an escort is required by law.

5.1.2 Where the remains are not transported, travel for next-of-kin or a representative of the family to the place of burial shall be reimbursed as though that person were an employee.

5.2 Emergencies, illnesses and injuries while on travel status

5.2.1 Payment for the use of a suitable conveyance, such as an ambulance or taxi, shall be authorized where an employee becomes ill or is injured when, in the opinion of the employer, the employee, or the attending medical practitioner, the nature of the illness or injury requires that the employee be transported to a medical treatment facility, the workplace, the travel-related accommodation, or home.

5.2.2 An employee shall be reimbursed the necessary expenses incurred as a result of illness or accident occurring while in travel status, to the extent that the employer is satisfied the expenses

Travel Directive

were additional to those which might have been incurred had the employee not been absent from home, and which were not otherwise payable to the employee under an insurance policy, the *Government Employees Compensation Act*, or other authority.

5.2.3 An employee who becomes ill or is injured while outside Canada shall, where practical, be provided with a justifiable, accountable advance when incurring sizeable medical expenses. Such advances would subsequently be repaid to the employer under the employee's private insurance plans, the *Government Employees Compensation Act*, or other authority.

5.2.4 When, in the opinion of the attending physician, an employee's condition resulting from illness or injury warrants the presence of the next-of-kin or a representative of the family, actual and reasonable travel expenses may be reimbursed, as if that person were an employee.

5.2.5 An employee may be authorized to return earlier than scheduled as a result of personal illness or accident, or in the event of emergency situations at home (e.g. serious illness in the opinion of a physician, fire, flood, ice storm).

5.2.6 A trip home under this section shall not be taken into account when establishing the employee's eligibility for weekend travel home.

5.2.7 When a trip home for reasons specified in this section is not warranted, actual and reasonable expenses incurred for long-distance telephone calls home shall be reimbursed.
